## Budgeting

Take a look at Allison's budget below. She earned \$2,000 this month and wants to know how much she can spend from each of the categories.

| BILLS |  |
| :---: | :---: |
| Phone | $\$ 60$ |
| Internet | $\$ 80$ |
| Electricity | $\$ 100$ |
| Water | $\$ 35$ |
| Netflix | $\$ 15$ |
| TOTAL |  |

| FOOD |  |
| :---: | :---: |
| Groceries | $\$ 250$ |
| Snacks | $\$ 55$ |
| Door Dash | $\$ 75$ |
| Lunches | $\$ 25$ |
| Coffee | $\$ 30$ |
| TOTAL |  |

| OTHER |  |
| :---: | :---: |
| Gas | $\$ 250$ |
| Sports | $\$ 80$ |
| Movies | $\$ 45$ |
| Donations | $\$ 65$ |
| Clothes | $\$ 185$ |
| TOTAL |  |

How much did Allison spend altogether?

How much would Allison save if she didn't go to the movies or buy clothes?

How much would Allison have spent if she didn't buy Door Dash or coffee?

What did Allison spend the most money on? Why do you think this?
