

Wallet Pay - Android/Google

Getting Started

- 1. Navigate to All Apps
- 2. Select 'Wallet' application

Note: Android/Google phones will have this app pre-installed

Adding Card to Wallet

- Inside Wallet App, select 'Add to Wallet'
- 2. Navigate to 'Payment Card'
- 3. Add New credit or debit card

You may have your phone setup to recognize the card if previously used. This could be beneficial for ease of set-up.

Terms & Conditions

- 1. Loading screen to connect to ECU
- 2. Terms & Conditions select 'Accept'
- 3. Loading screen for eServices
